Ms. McCarthy,

Attached with this email are documents relating to a Conflict of Interest issue with regards to Arizona Power Authority Commissioner, Steve Brophy. Also attached is a *Proposal for Establishing Qualitative Principles for the APA Process for Allocating Hoover Post-2017 Power* dated May 31, 2012, and authored by Steve Brophy. The essential point in this memo can be found in the last paragraph on page five, which states that APA should allocate Post-2017 Hoover "A" and "B" power as a matter of preference to existing customers. This point is further clarified in Attachment Two, which is titled *APA Post-2017 Allocation Policies Preliminary Proposal Alternatives*.

Should you have any questions regarding this subject, do not hesitate to call me at 602-368-4265.
